Discover Your Glow with Nelly De Vuyst Facials

Skincare expert Nellie Habibi Partners with The Spa, FIVE Palm Jumeirah

Dubai UAE, April 2019: Discover your glow with FIVE Palm Jumeirah's new partnership with skincare expert **Nellie Habibi** and The Spa's new line of targeted skincare products from Canadian skin specialists, [Nelly De Vuyst](#). Known for its science-based approach to correcting skin problems, with millions of satisfied customers, Nelly De Vuyst treatments at The Spa include corrective facials to target acne, hypersensitive skin and signs of ageing as well as a specialist men's facial. All facials will be available throughout the week with The Spa's dedicated team of therapists and two days a week with skincare expert Nellie Habibi. Nellie brings with her more than 20 years of experience in aesthetics and specialises in improving the cosmetic appearance of skin through treatments, targeted recommendations and her renowned inside out approach.

Available from April, The Spa will be offering a range of **Nelly De Vuyst** facials, drawing on the brand's longstanding reputation as one of the most effective, anti-ageing and corrective skincare lines on the market.

Nelly De Vuyst treatments include;

- **REFIVE Peel** | This introductory treatment provides freshness and well-being to the skin by incorporating the Nelly De Vuyst Keratolyse Vegetal Peel, a remarkable deep exfoliant made of vegetal extracts for tissue regeneration.
- **Hello Handsome!** | Designed to cater specifically to the needs of male skin, this treatment purifies, hydrates and soothes skin while offering a relaxation moment.
- **Foam It Up** | Unique to Nelly De Vuyst, this oxygenating treatment incorporates the micro-bubble foam Bul'Mask to dramatically transform the appearance of the skin.
- **Breath of Fresh Air** | Specifically designed for sensitive skin, this treatment provides softness and comfort to skin prone to redness and irritation.
- **No Spots Allowed** | Ideal for those who suffer from hyperpigmentation and an uneven complexion, this brightening facial incorporates organic vitamin C to target melanocytes, the cells responsible for pigmentation.
